Height (structural)	574,15 ft	Floors (overground)	44
Height (tip)	574,15 ft	Gross Floor Area (GFA)	Contact us
Height (roof)	574,15 ft		

Facts

- Four of the ten designs were chosen for a re-design.
- Would have replaced Metzler-Haus.
- The site is opposite Commerzbank Tower.

- Der Turm ist 175 Meter hoch und vorrangig durch die Wirkung der beiden schmalen Scheiben geprägt.
- Unterschiedlich breite, konische Schlitzte verstärken die Schlankheit zusätzlich
- Die Betonung des Baukörpers liegt auf der Nord-Ost-Seite zur Plaza - entsprechend erfolgt von hier auch die Haupteinschliessung.
- Der öffentliche Raum wird bestimmt durch die Dimension der umstehenden Hochhäuser mit den dadurch entstehenden Wind- und Verschattungsverhältnissen und den angrenzenden, öffentlichen Nutzungen.
- Die Aluminium-Glasfassade aus transparenten und nicht transparenten Gläsern ist sehr monochrom gehalten.
- Das Gebäude besteht aus zwei Flügeln, welche durch einen gemeinsamen Kern verbunden werden. In der Mittelzone des Kerns befinden sich die Aufzüge. Diese Lösung bietet den Vorteil, daß es möglich ist in allen Etagen aus den Vorbeichen der Aufzüge ins Freie zu blicken.
- Wird das Metzler-Haus an der Großen Gallusstraße ersetzen.
- The building would have been constructed at the same intersection as Commerzbank, Japan Center and Rheinische Hypothekenbank.
- Der geplante Turm liegt neben einem Deutsche Bank IBCF.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
