Description

Structural Material	concrete	Main Usage	commercial office
Architectural style	modernism		

Spatial dimensions

Height (structural)	748,03 ft	Width	178,41 ft
Height (tip)	748,03 ft	Floors (overground)	64
Height (roof)	748,03 ft	Gross Floor Area (GFA)	Contact us
Length	118,57 ft		

Years and costs

Year (construction end)	2006
--------------------------------	------

Facts

- Originally designed to be 200 meters (656 feet) and 50 floors high, the height was later increased.
- MAX would replace the old Investment Banking Center, which moved to the IBC Tower in 2003. The existing IBCF building will be transformed into a residential tower.
- Gerüchten zufolge soll das Hochhaus MAX im Augenblick nicht mehr errichtet werden (September 2002).
- Das Gebäude schafft raum zum Leben: Die großzügig gestaltete Plaza, die zwischen dem Turm und der Großen Gallusstraße entsteht, lädt ein zum Flanieren, Ausruhen und Genießen.
- Der benachbarte 22-geschossige alte Turm der Deutschen Bank wird revitalisiert. Hier werden moderne und exklusive Apartments entstehen. Diese Nutzungsänderung in einem Hochhaus ist in Frankfurt bisher einmalig.
- Der treppenartig abgestufte Turm wird schon aus der Ferne wegen seiner ästhetischen Fassadengestaltung anziehend und spektakulär wirken.
- MAX ist ein nach modernstem technischen Konzept gestaltetes "Low-Energy-Office-Building", das Ressourcen äußerst sparsam einsetzt.
- MAX wird der höchste neue Turm innerhalb des Bankenviertels seit 1997.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
